None of these guys have trouble getting their phone calls returned, ESPECIALLY if they call the **U.S. Small Business Administration** office nearest them!

They are all veterans of the U.S. Armed Forces. If they need help starting a business or advice on one they own, their local Veterans Affairs Officer will call them back.

Whatever your name is, if you are a veteran, there is a Veterans Affairs Officer you can call on for help, too.

There is a **U.S. Small Business Administration** office near you. Give us a call!

Call 1-800-368-5855.
